Help us to grow the Forest of Avon

We strive for everyone living and working in the West of England to have good access to trees and woodlands and the wide-ranging benefits they bring - for health and wellbeing, flood prevention, biodiversity, air and soil quality, recreation and so much more.

Working with local landowners, we fund and support planting projects across the region. Our valued volunteers are at the heart of supporting us with these projects and help us to broaden our reach.

By donating their time, skills and enthusiasm, volunteers support us to bring more trees and woodlands into our local communities, benefitting people, wildlife and the environment.

From one-time volunteers, to corporate groups, to our regulars – you all help to make a difference.

Corporate Days

Our corporate volunteering days are the perfect opportunity to give back to nature, connect with your colleagues and enjoy the many benefits of spending time outdoors.

- Leave your work behind, breathe in the fresh air and soak up the rewards of spending time in nature – proven to benefit our health and wellbeing.
- Learn how to plant trees and look after them. Tasks are seasonal and may include tree planting, maintenance or coppicing.
- Connect with your team and work together to improve our woodland habitats for future generations.
- Volunteering with us will enhance your company's social value on the community and the environment.
- Support your local community forest to expand the Forest of Avon and bring the benefits of trees to everyone.
